

Call to Action

The Friends of Fort Harrison State Park is seeking community support to provide funding for this project. The estimated cost of this project is \$55,000. We are seeking support from individuals, organizations, and businesses to make this project a reality. Please contact John Crawford, Friends of Fort Harrison State Park President, at friendsoffortharrison@gmail.com to find out how you can help!

Back The Track!

The Friends of Fort Harrison State Park Track Improvement Project

Fort Harrison State Park, located in the Lawrence-Indianapolis Indiana area, is a unique urban oasis with approximately 1 million visits each year. The park includes a paved quarter-mile walking/running track located on East 59th Street, which is believed to be the only free, open-access public track in Central Indiana. The track is used extensively by the community, and is in need of maintenance and repair.

The Friends of Fort Harrison State Park have taken on the challenge of funding and completing the necessary track improvements. The scope of this project includes the following:

- new asphalt track surface, lines, and markings
- removal of vegetative overgrowth and dead trees from track area
- parking lot grading and resurfacing
- Optional fitness stations
- New signage
